

THE GLOBAL GROUP: LINKING EAST AND WEST

The Global Group is proud to return this year as a Lead Sponsor of the UK Investor Show, building on a close relationship of several years now.

Founded a little over 20 years ago by its Chairman, Dr. Johnny Hon, Global is a diversified conglomerate, embracing securities trading, angel investment, venture capital, strategic advisory and consultancy, and family office, among other divisions and services. It is headquartered in Hong Kong, with additional offices in London and China.

Global's UK-based subsidiary, Global Group Capital Management Limited (GGCM), with offices in Mayfair, is a corporate finance advisory company, authorised and regulated by the Financial Conduct Authority (FCA). GGCM offers mergers and acquisitions, capital raising, strategic advice and management services to clients around the world.

In Hong Kong, Global Group Securities Limited is a stock brokerage firm, engaging with exchanges world-wide, licensed and approved by the Hong Kong Securities and Futures Commission (SFC) to deal and advise in securities-related business activities.

With its flexible, dynamic and transparent structure, Global is both an investor in its own right as well as a trusted partner for co-investment, together with its high and

ultra-high net worth clients, to whom it provides a full range of services, including through its new and exclusive lifestyle and sports club.

All this makes Global ideally placed to respond in a timely fashion to new trends in the marketplace, new technologies and new opportunities.

This is also reflected in the group's growing portfolio of companies. For example, Global Group Entertainment Limited focuses on investing, producing and co-producing entertainment-related projects in London's West End and on New York's Broadway, while Global Group Sports Investment Limited has a strong focus on the acquisition, training and racing of thoroughbred horses.

Above all, with its deep and intimate knowledge of both East and West, Global is the ideal partner for those in the UK or other developed economies looking for strategic opportunities in China and other emerging markets as well as for those in China and elsewhere in the developing world seeking to embrace the new Silk Road of outbound investment.

Whilst being alive to new opportunities and focused on maximum and sustainable profitability, Global also has corporate social responsibility at its heart. It has helped over 200 charities in the last two years – in the UK, USA, Hong Kong, China,

India and world-wide. Personally committed to philanthropy, Dr. Johnny Hon is particularly proud of his role as the first Diamond Benefactor of The Duke of Edinburgh's International Award Foundation, in which capacity he promotes the world's largest and most prestigious youth programme throughout the Asia Pacific region.

Dr. Johnny Hon will once again be a keynote speaker at this year's UK Investor Show. He has been asked to respond to the view, currently widespread in the West, that the Chinese economy is headed for serious trouble. He will address the prevailing bearishness, not with a simplistically bullish response, but rather with a realistic approach, grounded in historical trends, arguing that China is and will remain central to the prospects for global economic growth.

The Global Group looks forward to meeting both old and new friends at the UK Investor Show this year and welcomes ideas and proposals from potential partners, whether looking for investment or to invest.

Global Group Capital Management Limited is a wholly owned subsidiary of Global Group International Holdings Limited and is registered at Companies House in England and Wales, no. 07050340 and is Authorised and Regulated by the Financial Conduct Authority FRN 766639.

Bridging The New Frontiers

Every new undertaking illustrates our skill in choosing the right opening in the right market – and most importantly – at the right time.
